

Evaluate

The numbers are in descending order.

32_ 3_2 2_3 _32 _23

The same digit is missing in each number.
What could the missing digit be?

Create

Alex has written six numbers in ascending order.

I have spilt ink on two of the numbers!

214,  243, 256,  289

What could the hidden numbers be?
Explain how you know.

Analyse

Rosie is thinking of a number.

It is between 300 and 500

The difference between the greatest digit and the smallest digit is 2

The digits sum to 14

What could Rosie's number be?
Is there more than one answer?
Explain each step of your thinking.
