

St Dwynwen

St. Dwynwen lived a very long time ago in **Wales**. She was a kind and caring woman who wanted everyone to be happy. One day, Dwynwen fell in love with a man named **Maelon**, but they could not be together. This made her very sad.

Dwynwen prayed to **God** and asked Him to help her feel better. She also asked Him to help other people who were sad about love. God listened to her prayers and helped her. Dwynwen decided to spend her life helping others who felt unhappy in love.

Because of this, people thought of her as the **saint of love**. Every year on **January 25th**, people in Wales celebrate **St. Dwynwen's Day**. They show love and kindness to their friends and family. It is like **Valentine's Day**, but it is only celebrated in Wales.
