On a stormy night, young Ellie discovered an ancient map hidden in her attic. The map showed the way to a lost treasure buried near Penrhyn Castle. Excited, she gathered her best friend, Tom, and together they vowed to find the treasure.

The next morning, they set off on an adventure. As they wandered through the misty woods, they stumbled upon a talking raven perched on a branch. "To find the treasure, you must solve my riddle," said the raven. They listened carefully and, after some thought, answered correctly.

With the raven's guidance, Ellie and Tom made their way to a secret cave behind the castle. Inside, they found glittering gold coins and shimmering jewels. They couldn't believe their eyes! From that day on, they shared their treasure with the entire village, bringing joy and excitement to everyone.
