

1

Question:

How do you make a lightbulb brighter?

1

Question:

How do you make a lightbulb brighter?

1

Question:

How do you make a lightbulb brighter?

1

Question:

How do you make a lightbulb brighter?

1

Question:

How do you make a lightbulb brighter?

2

Research

I found out that:

- Electricity travels in a circuit.
- Electricity lights up the bulb.
- A battery powers the light bulb.

2

Research

I found out that:

- Electricity travels in a circuit.
- Electricity lights up the bulb
- A battery powers the light bulb

2

Research

I found out that:

- Electricity travels in a circuit.
- Electricity lights up the bulb.
- A battery powers the light bulb

4

Prediction

I think the bulb _____

4

Prediction

I think the bulb _____

4

Prediction

I think the bulb _____

4

Prediction

I think the bulb _____

4

Prediction

I think the bulb _____

4

Prediction

I think the bulb _____

3

Planning

We will need:

- Battery
- Light bulb
- _____
- _____

3

Planning

We will need:

- Battery
- Light bulb
- _____
- _____

3

Planning

We will need:

- Battery
- Light bulb
- _____
- _____

7

Conclusion

I found out that _____

.

1.

7

Conclusion

I found out that _____

.

1.

7

Conclusion

I found out that _____

.

1.

I predict the bigger helicopter will go further.

I predict the smaller helicopter will go further.

I predict the medium helicopter will go further.

I predict the bigger helicopter will go further.

I predict the medium helicopter will go further.

I predict the smaller helicopter will go further.

I predict the smaller helicopter will go further.
