

Numeracy – The Llion King Show

1. 55 people bought a tea and a mince pie per show.
There were 3 shows.
They cost £1 each.
How much money did this make?
2. 65 people bought a Joe's Ice Cream per show.
They cost £2.50 each.
How much did we make on ice cream?
3. Each show sold 80 tickets.
There were 3 shows.
Tickets were £3 each.
How much money was made on ticket sales?
4. How much money was made altogether?
5. If we raised ticket prices by 50% and did a 4th show next year, how much money could we make on ticket sales?
Assuming we sold out each show again...
