

## The Summer Term!

What a brilliant summer term it's been! We've had a blast diving into our 'Allez les Champions' topic. In this theme, we've been exploring all things France and the Olympics. From the iconic Eiffel Tower to the bustling Champs-Élysées, we've been soaking up the French vibes and diving into the history, culture, and buzz of France during this global sports extravaganza. We even took a look at the French Alps to learn how our awesome Earth formed those majestic mountains!

Our outdoor learning adventures (even in the rain!) have been very successful, not to mention all the sports we've tried our hand. It's been an absolute blast!

We've also been super lucky to have the fantastic support of our parents and community. A massive shoutout to Oldwalls Gower for hosting the epic 'North Gower Knees up', where we smashed our fundraising target - over six thousand pounds raised! This money will help set up a pupil kitchen in our school, taking our curriculum to even greater heights. Watch this space for more exciting updates! Huge DIOLCH to all who pitched in and donated - we're truly grateful.

As the term winds down, we still have Sports Day, a residential trip, some sporting showdowns, and a carnival on the horizon. Fingers crossed for some sunshine to top it all off!
