

Llangennith Newsletter Summer 2021

Llanrhidian Primary School have had an amazing summer term so far! All the pupils have been engaged in a range of authentic activities both inside and outside their workshops.

Our outdoor space has been getting some excellent use; we had a fantastic well-being week for the pupils, which involved a planting day, where everyone was involved clearing and planting around the school. Teamwork to add some colour to the school grounds.

The pupils have been using lots of problem skills and working in groups so they can collaborate to solve them.

Pod Pry Cop have been involved in the Swansea Enterprise Challenge and launched their own brand of Smoothie called 'Fruit Crush'. They came up with the flavours, branding, logo, slogan, completing market research and they even did their own adverts to promote the event. It was an amazing success with over 150 smoothies being sold, raising money for school funds in the process.

For a greater look at what we have been up to, why not follow us on Twitter? The hashtags #LlanHealth #LlanOut and #LlanExp will show a range of the activities the children have been doing this term from across the whole school.

Diolch yn fawr,

Llanrhidian Primary School
