

# Pasg Hapus from Llanrhidian

We have had a very busy Spring term in Llanrhidian and have been learning about celebrations and festivals such as Chinese New Year, St David's Day, Mother's day and Easter.

We had a very successful St David's Day with our St David's Marchnad. Such traditional events bring us together and is true "Cynefin".

In Pod Penguin we had an Egg themed Science & Technology week where we looked at the best material to protect Humpty Dumpty and also the safest structure to carry him to hospital.

Our spring term events culminated in a whole school Easter Parade. We were very lucky with the weather and had plenty of support from our fabulous parents.
