

My Amazing Year in Pod Pysgodyn

This year has been one of the best years I've ever had at school! **I've made** new friends, **learned** lots of new things, and **taken part in** some really exciting events. **I will never forget** all the fun we've had in our Pod.

First, we visited the local squash club. **I had never** played squash before, so **I was a bit** nervous at first. **But as soon as** I picked up the racket and started hitting the ball, **I had so much fun!** **We got to** practise our skills with friendly coaches who helped us learn. **It was** a brilliant way to start the year.

Next, we prepared for our Christmas show. **We learned** songs, **practised** our lines, and **even made** decorations ourselves. **I played** a Shepherd in the play, and **I wore** a comfy costume that made me look like I lived in another country. **My family came to** watch, and **I felt** really proud of myself and my classmates.

After that, we created our very own fun fayre in the school hall! **We worked in** small groups to plan games and decorate stalls. **My group made** a "Hook the Duck" game and **it was** a big hit! **Everyone had** fun and **there were** prizes to win. **It felt great to** be part of something we had planned all by ourselves.

Then, we went on a school trip to Oystermouth Castle. **It was so exciting to** explore a real castle! **We climbed** the spiral stairs, **looked out of** the arrow slits, and **sat on** the stone throne. **The guide told us** amazing stories about knights and battles. **I imagined** what it would be like to live there long ago.

Finally, we had our sports day. **The sun was** shining and **everyone felt** excited. **I took part in** the sack race, the obstacle race, and the egg and spoon race. **Even though I** didn't win every race, **I still felt** happy because **I cheered** for my friends. **We ended the day** with ice lollies and big smiles.

Looking back, I've had such an amazing year full of laughter, learning and fun. **I've enjoyed** every moment of our school journey. **I feel proud of** everything I've done and **I can't wait to** see what happens next year!
