

Planning for Learning

Date: WB: 8.10.24

Domain – Prototype and making.

Statement of What Matters: (WM2)

DOL(s): I can explore the properties of materials and choose different materials for a particular use (PS1)

Learning Objective:

- To explore the properties of materials and choose a different material for a particular use.

Assessing My Learning

I can explore different materials and describe how they feel.

I can make a choice about what material I would use to make a coat for Miss Walters.

I am able to test the material I chose and discuss if it was waterproof or not.

I can make choices about what equipment to use.

I can share my ideas.

Assessment of Learning

Teachers Comments/Next Steps.
